

With a maximum power of 460 W and a module efficiency of 23.1%, it guarantees an excellent ratio between size and productivity. The double glass design (2.0 + 2.0 mm of coated semi-tempered glass) ensures ...

Natural symmetrical bifacial structure bringing more energy yield from the backside. Integrated coating frames ensuring modules passing the IEC salt-mist test level 8. Suitable for various rooftop projects. Higher power ...

We are professional 460W Bifacial PV Solar Panel Double Glass Solar Module suppliers and exporters, we supply high-quality 460W Bifacial PV Solar Panel Double Glass Solar Module. [Click here for a quote!](#)

430~460 Watt 166mm 144Cells Double Glass Bifacial Frameless PV Solar Module MBB PERC Half Cut Cell Excellent Low-light Performance

Designed with aesthetics in mind and manufactured using DMEGC Advanced Black Technology. Protection against harsh environmental conditions Certified by TÜV Rheinland. Focus on circular economy - low carbon ...

DAS-DH108ND 440W~460W Key Features High Leading Efficiency module efficiency in industry, up to 22.5%

We are professional 460W Bifacial PV Solar Panel Double Glass Solar Module suppliers and exporters, we supply high-quality 460W Bifacial PV Solar Panel Double Glass Solar ...

Trina Solar Vertex S+TSM-460NEG9R.28 These new-generation modules, made of double-glass glass, utilize n-type i-TOPCon technology, capable of delivering up to 460W maximum output at 23.0% maximum module ...

Featuring advanced N-type TOPCon cell technology, this module delivers superior power output, reduced degradation, and excellent low-light performance--making it ideal for both residential and commercial solar ...

PERC, half-cut, multi-busbar, and large cell designs enables our PV modules to pack more power per module, capture more conditions. Whether you are EPC, installer, contractor, or project developer, ...

With a nominal power of 460 watts and an efficiency of 23.0%, this bifacial N-type module is among the most powerful products in its size class. Developed for demanding applications that require maximum efficiency.
