

C& C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous ...

Battery cabinet that includes Lithium-ion batteries, Battery Management System (BMS), switchgear, power supply, and communication interface. Compare similar Availability Form Factor

Global Power Supply offers battery cabinets from industry-leading manufacturers such as Toshiba and Narada, available in multiple configurations to match your specific operational needs.

The Medi-Products SSA2040V is a 2000 watt system with 4.8 kWh of battery capacity. This UPS solution built to protect critical medical and laboratories from power disturbances.

DataSafe HX battery cabinet systems are factory pre-wired to minimize installation time. The cabinet design optimizes the overall footprint. DataSafe XE batteries, manufactured with Thin Plate Pure ...

Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications. This solution is completely customizable and flexible to support your application ...

C& D Stationary Battery Cabinet offerings are designed to meet the latest UL standards. They feature an improved cooling profiles to maintain optimal battery life.

This patent-pending design for our lithium-ion battery cabinet offers the highest level of protection. With eight receptacles, it allows for simultaneous charging of multiple batteries up to a maximum of 4kWh, ...

Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps. UPS circuit breaker options include auxiliary contacts, undervoltage release (UVR) and shunt trip circuit ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.
