

The 20ft Mobile Solar Container by HighJoule offers 80KW of solar power using high-efficiency 480W modules. With an industrial-grade build, it's an excellent choice for mid-sized, scalable off-grid or semi-grid deployments.

INVT iLegend modular container data center enables rapid, flexible, and energy-efficient IT deployment for space-limited offices in Central America.

Our pre-assembled 20ft solar container arrives ready to work. With plug-and-play functionality, it generates power within hours of arrival--no specialized skills required.

Housed in a 20-foot container, this system integrates solar PV, energy storage, and advanced control components into a single unit, making it ideal for remote industries, construction sites, disaster recovery ...

In today's post, we'll explore the intricacies of designing a mobile solar solution using a 20ft container, examine practical cases, and discuss the latest trends--like the ingenious LZY-MS2 Sun ...

Shandong Longtai Oilfield Machinery Co., Ltd. Located in Shidao Industrial Park, Rongcheng City, Shandong Province, which has nearly 20 years of development history.

This ambitious endeavor transforms a standard 20-foot shipping container into a high-capacity, modular, and off-grid power system capable of supporting diverse energy needs.

Increases your energy capabilities with our compact and powerful 20ft Solar Energy Container construction. Designed to be strong and mobile, it offers 140kWh per day, thanks to its 60 m² solar array and 50 kWh ...

Powered by premium 610W panels, the 100KW Mobile Solar Container from HighJoule delivers maximum energy density in a compact 20ft format. It's optimized for grid-tied setups requiring continuous and stable ...

The container we received had a small leak around one of the corner castings that wasn't apparent on delivery. Customer service was responsive and sent a repair crew out within a week to fix it.
