

District Photovoltaic Power Generation Support

The U.S. Department of Energy (DOE) designed this Solar Power in Your Community guidebook to assist local government officials and stakeholders in boosting solar deployment.

NREL's PVWatts Calculator Estimates the energy production of grid-connected photovoltaic (PV) energy systems throughout the world. It allows homeowners, small building owners, installers and ...

To take advantage of these benefits and successfully execute a solar program, local governments and community leaders need to understand what's involved. Valuable guidance is available in a ...

Distributed Commercial Solutions Household PV Solutions Carbon Free Power Plant BESS Solutions Global Project References Sustainability Upholding Our Purpose Fulfilling Our Commitments ...

calculator determines the energy production and cost savings of grid-connected photovoltaic (PV) energy systems throughout the world. It allows homeowners, installers, ...

As of February 2025, 24 states and the District of Columbia have policies that enable community solar, 20 (83%) of which include provisions for low- and moderate-income households.

PV Watts CalculatorSolar Energy Resources For Government OfficialsSolar Power Purchase AgreementsA Guide to Community SolarToolbox For Renewable Energy Project DevelopmentLocal Government Guide For Solar DeploymentInstalled Price of Photovoltaics in The U.S.The U.S. Department of Energy (DOE) Solar Energy Technologies Office (SETO) designed this guide to assist local government officials and stakeholders in boosting solar deployment. The content is based on the Solar Power in Your Community guidebook, which contains case studies with approaches to reduce market barriers that have been field tested in ...See more on epa.gov.
