

Can Ghana be a hub for green energy investment?

If fully realised, the programme will not only bridge infrastructure gaps but also reinforce Ghana's role as a West African hub for green energy investment. Ghana has approved a \$3.4 billion renewable energy programme designed to modernise the country's energy infrastructure and strengthen its transition towards a low-carbon economy.

How has the new government impacted Ghana's energy sector?

The new government led by H.E. John Dramani Mahama has signaled a commitment to greening the national grid by expanding the scope of the Energy Ministry to include the Green Transition in its portfolio. This marks an important policy shift towards greening Ghana's energy sector.

Does Ghana's energy sector face a financial crisis?

By Seth Owusu-Mante Ghana's energy sector faces a financial crisis that threatens its long-term sustainability, efficiency, and ability to drive economic growth.

Could wind power be a viable energy source for Ghana?

Wind energy also holds untapped potential, particularly along Ghana's coastal regions, where wind speeds are favorable for electricity generation. Integrating wind power, solar, and battery storage solutions to complement the thermal plants could provide a stable and reliable energy supply for the country.

Ghana's energy sector faces a financial crisis that threatens its long-term sustainability, efficiency, and ability to drive economic growth. While oil and gas thermal plants have traditionally ...

The transition to renewable energy in Ghana necessitates efficient and sustainable energy storage systems. This study employs a mixed-methods approach to examine the adoption, performance, and ...

A key component of that is the development, deployment, and utilization of bi-directional electric energy storage. To that end, OE today announced several exciting developments including ...

Huawei Ghana has unveiled its latest Commercial & Industrial (C& I) energy solutions, including the world's first hybrid cooling Energy Storage System (ESS), at the Huawei Ghana Partner ...
