The GoodWe ESA Series is a fully integrated all-in-one solar and storage solution that combines inverter and battery in a pre-wired, modular design--making installation significantly faster and easier. ...

This page highlights GoodWe's extensive lineup of solar energy solutions, featuring residential and commercial grid-tied inverters, utility-scale systems, energy storage options, batteries, EV chargers, ...

The ESA energy storage system is built to grow with changing energy demands and adapt seamlessly to different use scenarios. Its flexible battery compatibility enables easy system expansion or upgrades, ...

The GoodWe ET series is a Three-Phase, high-voltage, energy storage inverter that provides enhanced energy independence and maximises self-consumption for reduced electricity bills, through an export ...

Exploring and utilizing smart technologies and advanced expertise, GoodWe is relentless about offering users residential & small C& I storage solutions to protect users from rising electricity costs.

GoodWe's Lynx Home S Series is a high voltage battery that offers multiple energy storage options through an expandable modular design (3-8 modules combined), which further simplifies installation ...

Discover the highly efficient GoodWe storage systems. Compare innovative battery systems that maximize self-consumption and ensure your energy self-sufficiency. Find offers now!
