

What is a Growatt Infinity 1300 power station?

Say Hello! The Growatt INFINITY 1300 Power Station is a combination package of the Growatt INFINITY 1300 and one Growatt 200W Solar Panel. The Growatt INFINITY 1300 is a 1382Wh power bank with an 1800W output. It weighs 42.32 lb /19.2 kg and has two USB-C ports, four USB-A ports, four Type B outlets, and a 12V carport.

Does Growatt Infinity 1300 use LiFePO4?

Yes, Growatt INFINITY 1300 and VITA 550 both use LiFePO4 battery technology, aiming to create more cost-effective products for users. What is LiFePO4 power station?

Does the Growatt Infinity 1300 have a solar charger?

The Growatt INFINITY 1300 features an XT60 input port for both solar and DC charging, and includes the adapter cables for them. The solar cable is an XT60 to the standard MC4 fitting. The 1300 will accept up to 800W of solar input through that connector at an incredibly wide voltage range of 12V - 100V.

How many AC outlets does the Growatt Infinity 1300 have?

For your heavy AC needs, the Growatt INFINITY 1300 features four 120V pure sine wave AC outlets on the side, conveniently out of the way. On that same side are also a standard 12V automotive-style lighter socket port, and 2,3A 5521 ports. On the opposite side of the unit, inputs for AC and solar are covered with a small protective door.
