

This Draft is the first local document to mention the removal of foreign ownership restrictions on internet data center ("IDC") services, following the MIIT Circular on April 10, 2024, ...

The "Regulations" support domestic and foreign enterprises in building international data centers in Hainan Free Trade Port and operating international data center businesses.

The construction content includes a 5-floor data center and a 1 power center building, and more than 3800 racks will be set here. The project adopts a variety of advanced energy-saving ...

(Xinhua/Zheng Yue) A journalist reports on a model of an undersea data cabin for an undersea data center, in Lingshui, south China's Hainan Province, Sept. 25, 2025.

The economic and institutional underdevelopment of Hainan is likely to remain a limitation for progress on FTP objectives. The experience of Hainan's reforms in the past reveals the ...

As global trade faces rising tariffs and growing protectionism, China is moving in the opposite direction by opening one of its doors wider. That door is Hainan, a tropical island now being ...

The project will provide strategic support for scientific innovation, industrial upgrading, and cross-border data flows in the Free Trade Port, helping position Hainan as a hub for international ...

Starting on Dec. 18, the special customs operations will increase the proportion of zero-tariff products in the Hainan FTP from 21 percent to 74 percent, while further opening up the local ...

These centers will provide data center services to inbound data, but free from China's strict domestic security regime. Targeted sectors include video game services, aerospace, Beidou ...

We will support the Hainan FTP to achieve a new height for China's opening-up, making it a high-level free trade port with strong international influence.
