

# Italy Mobile Bidding Base Station Energy Storage Project Announcement

The Milan energy storage project has sparked global interest as Italy accelerates its transition to renewable energy. This initiative aims to deploy a 250 MW/500 MWh battery storage system to stabilize regional grids ...

This auction offers a clear pathway for energy storage developers targeting the Italian market. Early preparation and full regulatory compliance are essential for participation.

The scheme notified by Italy will support the construction of electricity storage facilities with a joint capacity of more than 9 GW/71 GWh. The scheme will run until 31 December 2033.

In a big week for the grid-scale energy storage market in Italy, regulators have approved new grid storage-specific auction rules and a chunk of Aura Power's 500MW-plus pipeline of BESS projects.

The German company Sma, which has been operating in Italy for some 20 years, is also aiming to play a leading role with its storage technologies in the Macse auction on 30 September.

London-based investor Bluefield says Italy's cautious, "stop-start" approach to clean energy and energy storage procurement is less catastrophic than Spain's boom-bust experience and says it could bid ...

You've probably heard about Italy's latest energy storage auction results--but do you know what they really mean for Europe's green transition? In March 2025, Italy awarded 1.2 GW of grid-scale battery storage ...

Read more here about one of Europe's largest energy storage opportunities, with 10GWh of battery capacity on offer - roughly equivalent to all of Italy's currently installed storage.

2025 is set to see the start of a surge in Italian storage asset investment, led by BESS. The catalyst for this is the implementation of the new MACSE policy support mechanism, offering 15 year ...

Italy broke new ground in energy storage with its very first battery storage auction, competitively awarding the full 10 gigawatt hours (GWh) of capacity put up for tender. One standout among the awards is ...
