

Power your home or business with trusted solar, electrical, and energy-storage products built for Jamaican conditions. Discover our range of high-performance lithium-ion batteries designed to ...

EcoDirect designs and supplies solar + battery projects in Jamaica. Our team has the tools and experience to get your next project designed and delivered.

Discover how off grid solar power systems kept a Caribbean supermarket running after a hurricane, with seamless backup and reliable solar battery storage.

The Full Story Hundreds of fishers from Parottee and Galleon in St. Elizabeth, who have been without electricity since the passage of Hurricane Melissa, now have access to solar-powered ...

Engineered for solar energy storage, electric vehicles, and industrial UPS systems, it features: Built-in Smart BMS: Overcharge/discharge protection, temperature control, and cell balancing.

Summary: Jamaica is embracing innovative energy storage solutions to support its renewable energy transition. This article explores the latest technologies, government initiatives, and real-world ...

A compact small-node Battery Energy Storage system (BESS), ideal for events, construction, and contractors - Our 60 kVA battery solutions help you reduce emissions and noise while allowing you ...

This 20ft collapsible container solution features 60kW solar capacity and 215kWh battery storage. Built with robust 480W modules, it powers extended off-grid missions, from microgrids to rural factories, ...

Plug - and - play Electricity all available The innovative and mobile solar container contains a mount of PV modules with a maximum nominal power rating of 60kWh, and can be extended ... ? All-in-One ...

The Sol-Ark L3 Series Lithium HVR-60 (Outdoor) battery energy storage system (BESS) offers scalability, reliability, and energy resilience essential for modern commercial and industrial operations.
