

What is Leclanche's modular battery storage solution?

Aimed at reducing the cost, complexity and environmental footprint of stationary energy storage system (ESS) installations, Leclanche has launched a modular battery storage solution based on easily transportable, plug and play racks that can be put together onsite.

Who is Leclanche?

Leclanche SA is a world leading provider of high-quality energy storage solutions based on lithium-ion cell technology. We are committed to accelerating our progress towards a cleaner energy future. We have over 100 years of battery and energy storage innovation, powered by German engineering and Swiss quality.

Is Leclanche a pure play energy storage company?

Leclanche is the only listed pure play energy storage company in the world and is listed on the Swiss Stock Exchange. Our integrated solutions accelerate the electrification of transport systems. We deliver integrated battery packs for electric vehicles of all sizes with intelligent interface to the charging infrastructure.

What is Leclanche's E-transport solutions?

Leclanche's e-Transport Solutions team powers the electrification of transport (trains, vessels, trucks and more) through efficient, proven and reliable energy storage solutions. This group creates custom low-voltage battery systems for a wide range of demanding applications.

High-energy Battery Systems for Commercial Vehicles In view of the EU's targets for sustainable mobility by 2030, 2035 and 2050, all modes of transport must make their contribution. Leclanche now offers ...

Swiss energy storage company Leclanche SA has strengthened its capital structure with a major CHF 40.06 million debt-to-equity conversion, reinforcing its financial position as it scales its batter...

About Leclanche; Leclanche SA is a world leading provider of high-quality energy storage solutions based on lithium-ion cell technology. We are committed to accelerating our progress towards a cleaner energy future. ...

The implementation roadmap aims to showcase industrial competitiveness, energy efficiency, and the use of renewable energy to minimize carbon emissions. Founded in 1909, Leclanche is a global ...

Leclanche SA, a leading Swiss energy storage provider since 1909, specializes in advanced lithium-ion technology and custom solutions for transportation, utilities, and industry.

Our core technology expertise ranges from electrochemistry to energy management software. Leclanche develops, designs and manufactures complete, battery storage solutions, covering the entire technology ...

Aimed at reducing the cost, complexity and environmental footprint of stationary energy storage system (ESS)

installations, Leclanche has launched a modular battery storage solution based on easily ...

About us Leclanche SA is a world leading provider of high quality energy storage solutions, based on lithium-ion cell technology, accelerating our progress towards a cleaner energy future. It has over 110 years of battery ...

The Navius MRS-3, is Leclanche latest generation of marine battery system, specifically designed for the supply of onboard energy storage in marine applications.

Leclanche SA is a global leader in advanced energy storage solutions based in Yverdon-les-Bains, Switzerland. Founded in 1909 with over a century of expertise, we have been at the forefront of ...
