

Africa's renewable energy shift is driving demand for battery storage. RelyEZ delivers integrated BESS solutions across Kenya and Burkina Faso to enhance grid stability.

AceleAfrica is Africa's leading battery technology company that stands at the forefront of innovation, having pioneered Africa's most sustainable lithium battery packs. AceleAfrica, a pioneering advanced ...

At Intersolar Africa 2026, Swatten presented grid-grade energy storage solutions purpose-built for markets with weak grid infrastructure and high solar potential, addressing one of ...

The company is actively involved in the energy sector of Kenya, focusing on renewable energy initiatives and the development of various power sources, including hydropower and geothermal energy. Its ...

Why Nairobi's New Industrial Park is Making Global Headlines a sprawling 200-acre site where cutting-edge tech meets Africa's vibrant entrepreneurial spirit. That's the Nairobi New Energy ...

KenGen has commissioned its first Battery Energy Storage System (BESS) in Nairobi to power its modular data center, ensuring uninterrupted renewable energy supply.

The Kenya Electricity Generating Company (KenGen) has unveiled its first Battery Energy Storage System (BESS) at its Nairobi headquarters, a move aimed at powering its modular data ...

Why Nairobi Needs Advanced Energy Storage Solutions Nairobi, Kenya's bustling capital, faces growing energy demands due to rapid urbanization and industrial expansion. Traditional power grids struggle ...

GSL Energy's wall-mounted rack LiFePO4 battery maximizes space with powerful energy storage. Designed for durability with 6,500+ cycles, it supports parallel expansion for scalable ...

Kenya calls for scaled solar and storage as Intersolar Africa 2026 opens in Nairobi Kenya currently has approximately 210 MW of grid-connected solar, accounting for 6.5 per cent of installed ...
