

The DAWN project will establish the first-of-its-kind CIGS thin-film solar cell and solar panel production factory in Sweden. The factory will set a new milestone in the Midsummer production process, aiming at a higher ...

Helios Nordic Energy intends to add ten brand new solar projects in Southern Sweden, with the assistance of AB Swedish PV project developer. All in total, they will produce around 500MW, hence a significant turning ...

After a record-breaking 1.6 GW of new installations in 2023, the country added about 1 GW of solar capacity to the grid in 2024 and reached 5 GW of cumulative capacity. Download our Top 15 ...

Sweden's Midsummer will build its new 200 MW factory to produce thin-film solar cells and modules in the country's Flen region of S&#246;rmland. The mega factory will cater to the European market, ...

Work has begun in early October 2023, the solar farm is expected to be connected to the electricity grid in spring 2025 for full commercial operation later in 2025. With 100 MW on 136 hectares, the solar farm in ...

In an area spanning 100,000 square meters, the 14-megawatt array with 24,000 solar modules sits on the rooftop of a warehouse for DSV -- a Danish transport company in Landskrona, Sweden. The project ...

Swedish solar manufacturer Midsummer has chosen to build a 200MW thin-film solar cell manufacturing plant in the city of Flen in central Sweden. The company will take over the plant in September ...

Swedish thin film solar manufacturer Midsummer has selected a factory in southeastern Sweden to develop its new solar module production facility, which will produce copper indium...

Swedish solar photovoltaic manufacturing startup NordcellGroup has made a major announcement, announcing that it will build a solar module factory in Sweden, which will have an annual capacity of 1.2GW.

Negotiations on the conditions for the grant from the EU towards the construction of a new megafactory for the production of thin film solar cells in Sweden by Swedish solar energy company Midsummer have now been ...
