Learn how to inspect your solar panels, monitor system performance, maintain batteries, and check cables and wiring.

Monitoring Your Solar System
Cleaning Your Solar Panels
Solar Panel Maintenance Is Easy
The best thing you can do to maintain your solar system is to monitor its production so you can quickly identify and address issues, should they arise. "You should check on your system about once a month to make sure there are no anomalies or panels underperforming -- maybe a bit more if your system is charging your EV," said Brian Ly...
