

Can you use a power strip outside?

**Never Use Indoor Power Strips Outdoors** While there are power strips that are designed for outdoor applications, unless your strip's packaging specifically says it's suited for outdoor use, it's not designed to stand up to weather and water. Keep it inside and find one you can use safely out in the elements.

Are outdoor power strips a good investment?

Outdoor power strips are also equipped with safety features, such as waterproof covers and grounded outlets, to ensure that users can use them safely even in wet conditions. Overall, outdoor power strips are an excellent investment for anyone who wants to enjoy their outdoor spaces while keeping their devices charged and ready to use.
