

Transform your business energy usage with the ESS HV 30KW+66KWH - a powerful, elegantly designed all-in-one energy storage system crafted for modern commercial and industrial applications.

This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

High-efficiency energy storage, smart energy. Explore the innovation Product Center and open up a new future for green energy.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.

The outdoor energy storage cabinet, with the standard configuration of 30 kW/90 ...

30kW/60kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...

The outdoor energy storage cabinet, with the standard configuration of 30 kW/90 kWh, is composed of a battery cabinet and an electrical cabinet. It can apply to demand regulation peak shifting C& I energy ...

The on/off-grid large industrial container on the market for its 30kW Hybrid-Coupled system. Also, H30 could be programmed to discharge and meet the energy demand on project basis, designed for ...

All-in-one, pre-assembled, scalable, battery energy storage system designed for commercial and industrial applications. All-in-one cabinet - battery, inverter, cooling, and EMS

At present, we can produce and sell energy storage series products in Shenzhen, Guangzhou and Luoyang, and can provide you with the nearest port to arrange delivery.

These systems are pivotal for applications ranging from residential energy storage, to providing backup power, to integrating with renewable energy sources, and even in supporting grid services.
